Dear Friend:

Received your letter and
also track for which I wish to thank
you.

I received a great many
presents but I prized your gift more
than any thing else, of course you
know why. For any thing from
the one I love would be far dearer
to me than any thing I could
receive.

I came home Saturday
the train at McComb was an hour
late which made 2 hr & half wait
for me. but I passed the time away

reading, "Her heart's desire" of course you
know dear what my desire is but I
must not start that. I got in pretty
at twelve I had to wait there 4 hrs.
I pass the time away talking to a
traveling man, now dear don't be
angry for you know it was only
as pass time. but I was out in the
house an hour till I had to take a
good cry, they all thought it was be-
cause I was tired but I knew better
it was all together a different home-
coming than what I had been look-
ing forward to.

Well dearest I hope you & your
mother arrived all O.K. at Anderson
and hope you are enjoying yourself.

but bid remember the one that loves
you, and be true to her.

Mr. Dreyer returned home last
eve and glad I was for he certainly
was a bore. He came Monday at
noon and it seemed an age for
I certainly was disgusted.

Dear as you know I had him
for spite because you disappointed
me, but I spited myself more than
any one else. It was all I could do
to treat him civil, and for my
part I am glad he is gone.

Well I must bring this to a close
as I want Ted to take it to the P. O.
now bid answer right away as I
long to hear from you.

Excuse this scribbling and also
joined

They all join in sending their
regards

I close with love & kisses in
abundance.

Your ever

Laurence. ~: Received your letter and postal but as I have been very ill and rather dispondent for many things I have not written to you.

Laurence I did not think you would leave me alone in this trouble. Do you remember when you promised to marry me if any thing should happen. But I do not ask this of you, for I am lecturing now, but as you know this bill must be cash, and I expect my bill will be \$15 or more as I was farther gone than I thought

I recd. and then Ellen Wings that
 I said that on 7th of Jan. but said the
 general felt that this is 10. and I
 think Reuben this should feel
 to you as I can not go to my
 children for it and you know as
 well as I, if you had done the
 right thing you would have
~~heard it instead of telling me~~
 that you did.

But Reuben, you
 said you were not mad, what
 right have you? I certainly was
 not joined in you, as I trusted in
 you. I never often saw you
 I then got you would stay
 by me and always send
 me.

but I find you are ready to
 abuse your duty.

But Reuben this shall
 be for collected, but as I know
 you and I wish to have this
 quiet it is best to settle without
 any words. You can not get
 out of this as the law is by me
 and I shall have you. I shall
 be able to try me, which will go
 as great wages.

Reuben, I am not mad
 but you must do your duty
 and you will get every one
 out to come further trouble
 and you will get

a letter about Monday or
Tuesday.

as ever Della.

Be sure and answer.

but he said I was exaggerating that.

But I told what I have explained
no one knows. I know this much for their welfare
so don't tell any thing in that letter that
made you mad because they it and I were very much
the day I wrote it.

On ~~the~~ ~~1st~~ of March he would have done anything as mine was a very dangerous place, he said I was lucky to get through as I did.

quit. I said I was too busy. I had
to go out at the house and I only had
some treatments of the I wish and some

Dear Laurence-

Recieved your letter a few day ago. but as I have been to sick to write, will do so now.

Dearest I know you are angry with me but I cant help it.

Now ask me how far gone I was. I thind about 3 months. I told Dr. Bratten two but he said I was farther than that.

But GL, kid what I have suffered no one knows. I have been sick for three weeks so dear if their was anything in that letter that made you mad I cant help it as I was very sick the day I wrote it.

Dr. [REDACTED] said if I had been a married woman he wouldn't have done anything as mine was a very dangerous case, he said I was lucky to get through as I did.

I have not worked for 3 weeks but started to work this morning but about four oclock I took such pains I could not stand up so I had to quit agin.

Ask Dr. today for the bill which I will inclose. His charge is \$25.00. he said if it had been anyone else he would have charged more. as he said it was to risky. but kid he was not at the house once and I only took seven treatments before I took sick and since then have taken nothing as he said their was nothing he could give me that wouldve relieve the pains.

I certainly suffered. I have lost 20 lbs. in two wiiks and every body that comes in ask what the trouble is.

I will give you Dr. Bratten's address and if you wish you may write to him or write a letter and send it to me and I will hand it to him. as you please.

But Dear your letter seemes so cold can it be possible that you have found someone else you think more of. Oh. kid if so write and tell me and I will try and bear it but I love you and I always will.

Laurenc. write as soon as you get this as I long to hear from you
and I am so lonesome.

Your
till Death lover
(Della)

P.S.--Jack was saying your mother was very ill. how is she. dear I
hope by this time she is improving as she has my sympathy as I know what
sickness is.

Excuse this scribbling

I will close sending love in abundance. D.D.

Mr. -

Friend Lawrence: "At least I hope so," said why is it you don't write. It is almost two weeks - and I have heard from you, how you entirely forgotten me.

The last night we were together you said it was a disgrace for a girl to get into trouble, of course I agree with you there, but I do not think you have a right to act as you have.

Lawrence, you

have put a blot upon my life that can never be marked out, although I wouldn't care for that if it was not for your coolness you act as though you had nothing to do with it, or as if you didn't care to have to be sure you don't care to be in it now as the bill is laid but you should at least of that when you were as pleading and coaxing, I would be throw away my all, which I did after six months of coaxing. But no one man could have made me believe that you were going with me only for that. Anna often said you did not care for me. Of course I know

your love for me was not so strong as mine
for you, but I trusted in you. But it has learn-
ed me a lesson, many a girl would give up
every thing and not care, but for myself
I know I can't under the least that I tried
to make my future life as good and pure
as it was up till the time I met you, and I
hope & pray Laura, or I still have enough
enough left for me that you will tell me
one as my life is miserable enough without
people talking about me yet.

I heard you were helping your
with Garri Almond, at least I think you
do not care for my company now. He was
you have as much as said so. But for
God's sake Laura, please don't ruin her life
as you have mine.

Laura, I do wish you would
write to me. Life is so dark to me. I go out
with the crowd but I do not enjoy myself
for it seems as though I can not forget
you. I now can sympathize with
Mumme it is no wonder that she is what
she is but with me this is my first
experience and I hope my last.

Again Dear I am going to ask you to
write and tell me what you think about
this.

Do you remember when I would ask
you if you loved me, you always loved
me and said yes dear, could you say
that now. Answer me this for I often
wonder if you do regret.

I remain yours as ever

I / your wish.
